Bareboat means chartering a sailboat with or without a captain. If sailing without a captain sounds like a goal that you would like to accomplish, let us get you out on a boat of your choice. We offer a variety of sailing courses geared to whether you are an accomplished sailor that wants to brush up on celestial navigation, the experienced sailor aspiring to be skipper, the family interested in learning to sail together, or the first time boater. Regardless of your background, we have the program for you. All of our programs are designed to prepare you to skipper on the same boat you will be learning on, one of our beautiful Jeanneau or Fountaine Pajot Yachts. Get comfortable, living the lifestyle, sailing, and learning on a luxury yacht.
