

A Leading Company

A report about the Fountaine Pajot yard's Quality of construction has been broadcasted. Read this English version description of how Fountaine Pajot is built. [Video here http://www.youtube.com/watch?v=UyKRLDxx4bQ](http://www.youtube.com/watch?v=UyKRLDxx4bQ) .

In terms of the number of models created and in terms of the number of catamarans built :

Since 1983, 29 models have been created by multidisciplinary teams associating the best designers and our own design department of ten people. Largest number of vessels built in one year, as of 31st December 2011, Fountaine Pajot will have built 2 172 cruising catamarans.
