

PROVISIONAL

SPECIFICATIONS

Overall Length	45' 0"
Hull Length	43' 10"
LWL	38' 1"
Max Beam	14' 4"
LWL Beam	11' 11"
Displacement	21826 lbs
Deep keel weight	6512 lbs
Draft deep keel	6' 8"
Shallow keel weight	6967 lbs
Draft shallow keel	5' 4"
Engine	YANMAR 4JH3 TE : 55 Kw
Cabin	2 / 3 / 4
Berths	4 / 6 / 8 (+ 2 opt)
Fuel capacity	63 US gal
Water capacity	119 US gal
Fridge capacity	61 US gal
I	55' 28"
J	15' 39"
P	51' 84"
E	17' 39"
Mainsail	527 Sq ft
Furling genoa	561 Sq ft
Spinnaker	1291 Sq ft
Sail area	1088 Sq ft
CE category (approval in progress)	
.....	Obj A/B/C - 10/12/14 Pers
Designer	Jeanneau Design / Philippe Briand

CONSTRUCTION

Hull structure reinforced Kevlar®
Teak interior layouts

KEELS

GTE: cast-iron keel : 2.05 m - 2954 kg
PTE : cast-iron keel : 1.65 m - 3160 kg
Epoxy exterior barrier coat

DECK HARDWARE

Double sheave stainless steel stem fitting
Open bow pulpit
Stainless steel stern pulpits with buoy bracket
2 lifelines – port and starboard lifeline gates
Teak toe rail with integral chocks
6 mooring cleats with curved chocks
Anchor locker with room for spare anchor gear
1 Airon 1000 W deck mounted electric windlass,
10mm gypsy
SPINLOCK line jammers and Harken blocks
for halyards and control lines
2 coaming winches for genoa sheets
2 roof winches for mainsail, genoa, and
spinnaker
2 HARKEN genoa tracks with adjustable
fairleads
HARKEN genoa sheet blocks
HARKEN roof-mounted adjustable mainsail
traveller
Wichard folding deck chainplates (2 x 3)
Teak roof and companionway handrails

COCKPIT / TRANSOM

Large cockpit, teak batten bench and helm seats,
two side lockers
Central pedestal with cockpit table bracket,
ventilators, and lights for aft cabin
Gas locker for two bottles
Two large lockers under helm seats, with technical
access
2 leathered steering wheels, compass on painted
aluminum bracket
Vertical-mounted engine control at starboard
helm station
Cockpit table with folding leaves, central storage,
glass holders, 12v plug
Handrail with cockpit lighting on table
Electronic mounting panel at each helm station
and under cockpit table
Fiberglass twin-door transom gate
Teak batten transom floor, cockpit shower
Folding swim ladder with teak steps

STEERING

Twin wheel system with self-aligning rudder
bearings
Stainless steel steering cables and cast
aluminium quadrant
Fiberglass rudder with stainless steel rudder
shaft and frame
Rudder tube fibreglassed to hull frame

MAST AND RIGGING

Aluminium classic mast
Double spreaders – spreader bars
Discontinuous cable rigging
Double backstay
Facor genoa furler, above-deck drum
Rigid boom vang
All halyards led aft to cockpit and Spinlock jam-
mers
Harken halyard blocks at base of mast
Folding mast steps – deck light
Spinnaker track on front of mast for spinnaker
pole storage (pole optional)
Topping lift, mainsail halyard, genoa halyard,
spinnaker halyard
Mainsheet and genoa sheets
Dacron mainsail, 80% battens
Dacron furling genoa
Lazy bag + lazy jacks

Mast and rigging options

Furling mast
Releasable babystay and hardware
Spinnaker hardware

DECK AND HULL OPTIONS

Teak batten decks, cockpit floor, sundeck
Painted hull
Spinnaker pole and running rigging : sheets,
guys, foreguy
Blue wide classic dodger
Blue classic bimini

Steering wheel, cockpit table covers
Hot/cold water deck shower
Electric genoa winches

WINDOWS, VENTILATION, AND CURTAINS

4 fixed hull ports with track-mounted curtains
6 opening cockpit and roof ports with
track-mounted curtains
9 forward-opening deck hatches with blinds
Two side roof windows with interior curtains
Fabric curtains, track-mounted on all hull ports

INTERIOR LAYOUTS :

**3 cabin version - 2 washrooms
(transformable aft cabins)**
**4 cabin version - 2 washrooms
(transformable forward and aft cabins)**

Two transformable aft cabins

Removable longitudinal bulkhead to transform
cabins into one cabin with large central berth
Wood hull liner, light-colored fabric ceiling
panels
Side hanging locker, side shelves
Teak floorboards
Modular storage compartments under berths

Two transformable forward cabins

Removable longitudinal bulkhead to transform
cabins into one cabin with large central berth
Light-colored fabric hull liner
Side hanging locker, side shelves, drawers under
berth
Bowthruster mounting box (optional bowthruster)
Teak floorboards
Modular storage compartments under berths

Forward owner's cabin

Double central berth 2,00 m
Light-colored fabric hull liner, side storage
shelves
1 large drawer under berth
Teak floorboards (without carpeting)
Large hanging locker to port
Vanity with mirror, storage, neon light
Halogen ceiling lights, reading lamp at head of
berth

Washroom, 4 cabin version

Molded fiberglass washroom
 Large manual marine toilet
 Hot/cold shower faucet
 Shower sump pump with switch
 Fiberglass sink and countertop
 Storage under sink and access to thruhulls
 Clothes hook, mirror, towel holder, toilet paper holder, wastebasket
 Storage locker with door above sink
 Hanging locker (room for optional holding tanks)
 Plastic shower grate

Washroom, 3 cabin version

Identical to 4 cabin washroom
 Forward starboard washroom with separate shower zone, folding seat over toilet, built-in fiberglass unit

Nav station, 4 cabin version

General electrical panel, access to connections
 Wide folding lid, deep chart table
 Room for radar screen, plotter...

Nav station, 3 cabin version

General electrical panel, access to connections
 Room for radar screen, plotter...
 Deep chart table, two wide lids, PC area, bookshelve
 Upper storage shelf
 Ergonomic nav seat with storage
 Large locker with shelve

SALON**Wide U-shaped salon to starboard**

Central bench seat with storage
 One-piece salon table with fiddles and central storage
 2 removable table legs for transformation into double salon berth (optional)
 Upper storage lockers, storage under seats
 HIFT in upper locker

Optional accessories

Luxury folding salon table
 Double salon berth (incompatible with luxury table)

GALLEY

Longitudinal galley to starboard
 Laminate countertop with:
 top-loading icebox doors, stove burners with removable cover, double sink with removable covers
 230 liter top-loading icebox with storage bins
 Gimballed stove / oven
 Microwave cabinet (optional microwave), crockery storage, and lockers
 Three drawers, one with cutlery bin, wastebasket with cover
 Stainless steel handrail across from stove
 Sink mixer tap

LIGHTING

Flushmounted chromed brass, stainless steel, and plastic ceiling lights
 On/off switches in salon
 Halogen lights under deck passageway in salon and in owner's cabin
 Neon sidelights in galley, nav station, and sail locker

 220V plugs: galley (1), salon (1), nav station (1)
 Two-color day/night chart light at nav station

COMPANIONWAY

Composite fiberglass - wood companionway
 Curved varnished teak steps with non-skid
 Plexiglass companionway cover and removable door
 Hatch door storage under first step
 Frontal access to engine compartment by removable fiberglass companionway
 Side and rear access by removable panels in aft cabins

ENGINE

Mounted on integral hull liner with engine pan and blower circuit
 Soundproof insulation with plastic film exterior
 Filter inspection panels at bottom of companionway
 Access to engine water intake thruhulls in passageway
 Structurally attached metal shaft strut and composite shaft tube
 Stainless steel prop shaft d.35, dripless cutlass bearing, fixed 3-blade propeller
 Built-in muffler, stainless steel exhaust aft
 Independant engine start battery, forced air ventilation
 RACOR 500 FG fuel/water separator

Engine and diverse options

Maxprop folding propeller
 Shaft cutter

ELECTRICAL CIRCUIT

12V engine alternator (80 or 115A according to engine)
 Charge distributor one entry - two outlets
 One 110Ah engine start battery
 One 12V service battery park composed of 2 110Ah batteries (+1 optional)
 One 230V shore power inlet with differential breaker (optional 12V/60A charger)
 One positive battery switch for engine, one for service, and one negative general cut-off switch
 12V electrical panel at nav station with circuit breakers
 12V charging ammeter, 12V voltmeter, 12V debit ammeter
 230V electrical panel with automatic breakers, 230v voltmeter
 230V selector switch: dock, generator (option)

Electrical and accessory options

ONAN 4 KW genset - 2400rpm - 230V in transmom, access panel
 12V electric roof winch
 12V electric genoa winches
 220V air conditioning
 220V 24L stainless steel microwave
 Additional 12V freezer compressor, exterior heat exchanger
 Pulsed fuel heater with outlets in each cabin and two in salon

PLUMBING

Hot and cold pressure water with semi-rigid hose
 " Heavy-duty " water pump, 40 liter water heater
 Plastic water tanks under berths with separate fills and vents
 Chromed shower faucets in washrooms
 Water meter
 Showers with individual electric sump pumps and on/off switch
 Manual marine toilets

Plumbing options

12V electric toilet in owner's washroom
 Gravity drain holding tanks
